## NUTTY SCIENTISTS

**A wacky way to make science stick.**

Since 1996, children around the world have benefited from the Nutty Scientists® method for learning through experimentation, participation, and most of all – fun! Through our revolutionary methodology and programs, which span many areas of science, sustainability and general life education, we teach scientific concepts in a way that children understand and remember.

Nutty Scientists® Southeast Michigan Camps are an innovative form of “edutainment” (entertainment + education). Combining fun with learning, each camp contains an educational theme that keeps children engaged from day to day. One new theme is learned each day, and all activities are related to this theme, therefore children stay focused on one subject matter, solidifying the concept.

## Injuries and Personal Property Damage and Loss

We are frequently asked: "Are my children or am I insured by Birmingham Public Schools in the event of injury while participating in a school district program?" A follow-up question is: "Does the district have insurance to protect personal property that I or my children may bring to school?" The answer is "no." BPS does not provide insurance for injuries, damage, or loss of property. A State of Michigan statute grants the Birmingham Public School District and other public bodies (e.g., cities, villages, etc.) with immunity to tort liability. What this means is that because we are a public agency funded through tax dollars and we are providing a public service, we are not held liable in the event of injury or loss of property. The Board of Education has decided that the district should not use taxpayers' tax dollars to provide for these risks. Your homeowner's policy may cover property damaged or lost from the school premises (e.g., automobiles, bicycles, band instruments, calculators, etc.) WE ENCOURAGE YOU TO MAKE SURE THAT YOU HAVE ADEQUATE HEALTH AND PROPERTY DAMAGE/LOSS INSURANCE COVERAGE.

## PLEASE NOTE:

**WE CANNOT ACCOMMODATE GUESTS.**
