

2020 Summer Camp Guide

Plan for play this summer!

It's hard to believe that summer is just around the corner, but it's never too early to turn your attention to the exciting opportunities that the warm days foster. Please take a moment to browse our BPS Community Education brochure with your child to find a program that can provide a fun-filled summer adventure that is right for them. Our camps offer something for everyone at an affordable price. Our highly-skilled teachers and coaches offer incredible programs designed to make your child's summer one to remember!

Our programs compliment the school year and provide participants with a focus on enrichment, recreation sportsmanship, social skills and more. There's great power in "play" and we're excited to offer programs that engage our students in ways that are fun and enriching. You'll find BPS pride in each and every offering.

Enjoy planning a summer program that's right for your child and make it a terrific summer! I'm grateful BPS Community Education can be here to help make that happen!

Sincerely,

Mark Dziatczak

NEW STEAM ECOSYSTEM 2020 Grades 4-7

A **STEAM Ecosystem** encompasses a variety of creative learning environments that together constitute a rich array of hands-on opportunities for young people. Students will carry out investigations, apply engineering designs and take home their "make and take" projects related to core ideas in the disciplines of science, technology, engineering, art and mathematics. Designed pathways/activities enable young people to become engaged, knowledgeable and skilled in the STEAM disciplines including interpreting data, computational thinking, constructing explanations, and designing solutions while working with lasers, sound, alternative energy, and much more. STEAM Ecosystem 2020 will also incorporate activities/ideas to explore from various organizations/clubs and professionals from our community. Come and be an active participant of STEAM Ecosystem 2020 and harness the unique contributions of all these different settings. Students should bring a snack and beverage in a non-breakable container. Presented by Inertia One. Instructor Doug Baltz, Seaholm Physics Instructor. Location Seaholm High School, Room B108.

High Touch High Tech scientists are trained to foster a creative and non-competitive environment in which all campers are encouraged to share their knowledge and ideas while interacting with their peers in our summer camp programs. All materials are included and many programs provide take home experiments. Each of your campers will be recognized for their contributions and accomplishments by receiving a science certificate of participation. Our enriching science summer camp activities provide inspiring experiences and opportunities for the curious camper to investigate a wide variety of science topics in ways that will be both meaningful and memorable. Injuries and Personal Property Damage and Loss

We are frequently asked: "Are my children or am I insured by Birmingham Public Schools in the event of injury while participating in a school district program?" A follow-up question is: "Does the district have insurance to protect personal property that I or my children may bring to school?" The answer is "no." BPS does not provide insurance for injuries, damage, or loss of property. A State of Michigan statute grants the Birmingham Public School District and other public bodies (e.g., cities, villages, etc.) with immunity to tort liability. What this means is that because we are a public agency funded through tax dollars and we are providing a public service, we are not held liable in the event of injury or loss of property. The Board of Education has decided that the district should not use taxpayers' tax dollars to provide for these risks. Your homeowner's policy may cover property damaged or lost from the school premises (e.g., automobiles, bicycles, band instruments, calculators, etc.) WE ENCOURAGE YOU TO MAKE SURE THAT YOU HAVE ADEQUATE HEALTH AND PROPERTY DAMAGE/LOSS INSURANCE COVERAGE.

PLEASE NOTE:

WE CANNOT ACCOMMODATE GUESTS.
