NUTTY SCIENTISTS

ENRICHMENT CAMPS

A wacky way to make science stick.

Since 1996, children around the world have benefited from the Nutty Scientists® method for learning through experimentation, participation, and most of all – fun! Through our revolutionary methodology and programs, which span many areas of science, sustainability and general life education, we teach scientific concepts in a way that children understand and remember.

Nutty Scientists® Southeast Michigan Camps are an innovative form of “entertainment” (entertainment + education). Combining fun with learning, each camp contains an educational theme that keeps children engaged from day to day. One new theme is learned each day, and all activities are related to this theme, therefore children stay focused on one subject matter, solidifying the concept.

ACTING OUT with MR. JON

Mr. Jon Hoff has been a Paraprofessional in the Birmingham school system for ten years, and five years working in the Farmington, Southfield, and Northville school systems, assisting grade K-12 teachers with special needs children. He has always enjoyed sharing his love of theater and imagination with grade school and middle school children, and has put on several very successful after school plays, including Macbeth, Hamlet, Dracula, Frankenstein, Oliver Twist, and Hound of the Baskervilles. He has also taught after school and summer improv sessions for over five years, using games and exercises to teach kids the art of improvisation. His excellent interpersonal communication skills, sharp wit, and gentle spirit make for a warm, welcoming environment where kids can relax and learn some very cool skills while realizing the importance of listening, trusting, and respecting their fellow actors.

CHALLENGER SPORTS, BRITISH SOCCER CAMPS

Challenger Sports' British Soccer Camp is the most popular soccer camp in the country. Hundreds of Challenger coaches each year have helped develop one of the most innovative approaches to coaching youth soccer in the US. Our experienced staff study the game at all levels and we have identified the key techniques and skills that young players need to work on and master to reach their true potential. Each day includes individual foot skills, technical drills, tactical practices, small-sided games, coached scrimmages, and a daily World Cup tournament.

CREATIVE SKILLS CAMP (GR 1-8)

The Creative Skills Soccer Camp has been designed by street soccer experts to teach children soccer skills through a unique, creative and fun camp experience. The program has been designed in a way that children can escape running through the same repetitive drills they may have done a thousand times over, escape the exhaustion of an overly structured camp and most importantly have the freedom to develop their creative side of the game. Our Camp players will have a wide variety of fun and unique soccer games to play, learning the advanced street skills taught by international expert coaches and make use of our one of a kind inflatable 3v3 fields which enable them to have multiple touches of the ball and hone their skills during small sided games.

Any person registered in a cancelled camp will receive a full refund or may transfer to another camp in the current summer. INJURIES & PERSONAL PROPERTY DAMAGE/LOSS

We are frequently asked: "Are my children or am I insured by Birmingham Public Schools in the event of injury while participating in a school district program?" A follow-up question is: "Does the district have insurance to protect personal property that I or my children may bring to school?" The answer is "NO."

BPS does not provide insurance for injuries, damage, or loss of property. A State of Michigan statute grants the Birmingham Public School District and other public bodies (e.g., cities, villages, etc.) with immunity to tort liability. What this means is that because we are a public agency funded through tax dollars and we are providing a public service, we are not held liable in the event of injury or loss of property. The Board of Education has decided that the district should not use taxpayers' tax dollars to provide for these risks. Your homeowner's policy may cover property damaged or lost from the school premises (e.g., automobiles, bicycles, band instruments, calculators, etc.)

WE ENCOURAGE YOU TO MAKE SURE THAT YOU HAVE ADEQUATE HEALTH AND PROPERTY DAMAGE/LOSS INSURANCE COVERAGE.

NO SMOKING/VAPING, NO FIREARMS AND NO ALCOHOLIC BEVERAGES OR PETS/ANIMALS IN SCHOOL BUILDINGS OR ON SCHOOL PROPERTY AT ANY TIME.
